Answer Key

Q1

a. Sol $16 \div 4 = 4$
Each child gets 4 ice-cream.

b. $9 \div 3 = 3$
Each basket has 3 apples.

- Q2 a) Sol. $10 \div 5 = 2$ Ans
Sol. b) $18 \div 3 = 6$ Ans
Sol. c) $24 \div 8 = 3$ Ans
Sol. d) $16 \div 4 = 4$ Ans

Q3 a.) $48 \div 6$
Sol $48 - 6 = 42$ $12 - 6 = 6$
 $42 - 6 = 36$ $6 - 6 = 0$
 $36 - 6 = 30$
 $30 - 6 = 24$
 $24 - 6 = 18$
 $18 - 6 = 12$

Q = 8

$$b \quad 65 \div 13$$

$$\text{sol} \quad 65 - 13 = 52$$

$$52 - 13 = 39$$

$$39 - 13 = 26$$

$$26 - 13 = 13$$

$$13 - 13 = 00$$

$$\boxed{Q = 5} \text{ Ans}$$

$$c.) \quad 28 \div 7$$

$$\text{sol} \quad 28 - 7 = 21$$

$$21 - 7 = 14$$

$$14 - 7 = 07$$

$$07 - 7 = 0$$

$$\Rightarrow \boxed{Q = 4}$$

$$d.) \quad 48 \div 12$$

$$\text{sol} \quad 48 - 12 = 36$$

$$36 - 12 = 24$$

$$24 - 12 = 12$$

$$12 - 12 = 00$$

$$\boxed{Q = 4}$$

$$\underline{Q = 4} \quad \text{a. sol) } 4 \times 7 = 28$$

$$28 \div 4 = 7$$

$$28 \div 7 = 4$$

$$b) \text{ sol} \div \quad 12 \times 5 = 60$$

$$60 \div 12 = 5$$

$$60 \div 5 = 12$$
